Experienced Full Stack Web Developer with over 2 years of experience in Full Stack. Proficient in JavaScript, Node.js, HTML, CSS, React, Next.js, Express.js, Sequelize, PostgreSQL, etc.. Skilled in designing scalable APIs and optimizing database queries. Detail-oriented, collaborative, and dedicated to delivering high-quality code, looking for a Software developer role.

WORK EXPERIENCE

Zyod Commerce Pvt. Ltd., Gurgaon, Haryana
SDE 1

August 2024-present

Job responsibilities:

- Worked as a Full Stack Developer, building and optimizing web applications using a variety of technologies, including Next.js, React.js, Node.js, PostgreSQL, and Sequelize.
- Focused on both frontend UI/UX and backend API development to enhance application performance and user experience.

DigitEd Labs Private Limited, Hyderabad, Telangana

Full Stack Developer

May 2023 - August 2024

Job responsibilities:

- Developed responsive web pages using React JS, Typescript, Material UI, Next JS, HTML5, CSS3, enhancing user experience and engagement.
- Developed and optimized backend APIs using Node.js and Express.js for efficient data retrieval and interaction.

PROJECTS

1. Beauty Hub | |

React | Redux | Node.js | Git | Express.js | MongoDB |

RESTful APIs | Responsive Web Design | JWT | ChakraUI

- Collaborated in a team of 5 to develop an upscale online boutique specializing in premium beauty products using the MERN stack.
- Built and maintained backend APIs using Node.js and Express.js, ensuring efficient data retrieval and management with MongoDB.
- Implemented JWT-based authentication for secure login and signup processes.

2. LYST - Clone | |

Reactjs | RESTful APIs | CSS3 | Responsive Web Design |

Material UI | Context API | Apollo Server | JavaScript |

Node.js | HTML5

- Individually developed a fully responsive e-commerce website inspired by Lyst.com using React.js, Node.js, and RESTful APIs.
- Implemented key features such as product listing, search, filtering, shopping cart, and wishlist for enhanced user functionality.
- Optimized performance with React best practices, lazy loading, and efficient state management for a smooth user experience.
- Deployed the project on Netlify, ensuring scalability and wide accessibility.
